IT

La caratteristica principale del nuovo programma gole Scilm è la versatilità. Composto da due soli profili, garantisce molte soluzioni: verniciabile, rivestibile, posizionabile in orizzontale o verticale, completo di accessori e dotato di un pratico e veloce sistema di fissaggio che rientra nella filosofia del **make it easy** di Scilm che facilita ogni passaggio e operazione di montaggio.

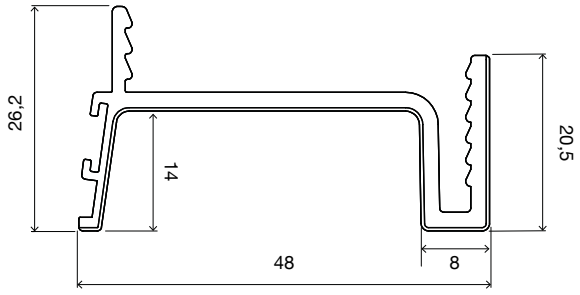
EN

The main feature of the new Scilm Gola profile system is its versatility. Comprising only two profiles, it provides a variety of solutions: it can be painted, coated, positioned horizontally or vertically; it includes accessories and has a practical and quick fixing system in line with Scilm's **make it easy** philosophy, which respects each step of assembly operations.

PROFILI GOLA / GOLA PROFILE

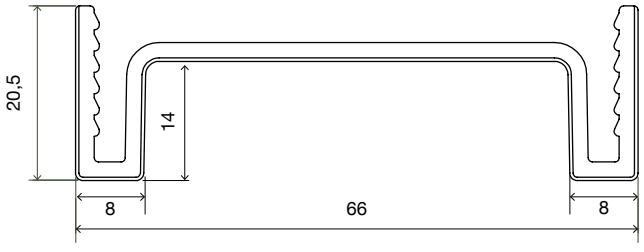
Plastica/Plastic

R8401



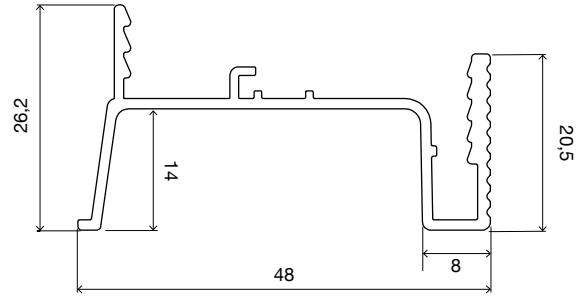
Plastica/Plastic

R8402



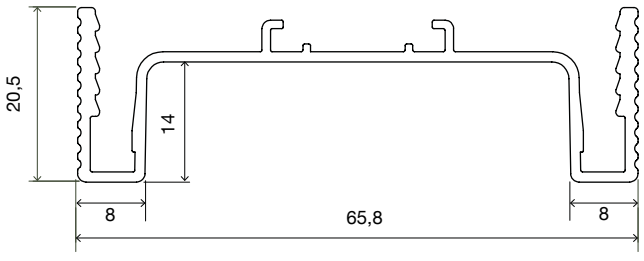
Alluminio/Aluminium

R8155



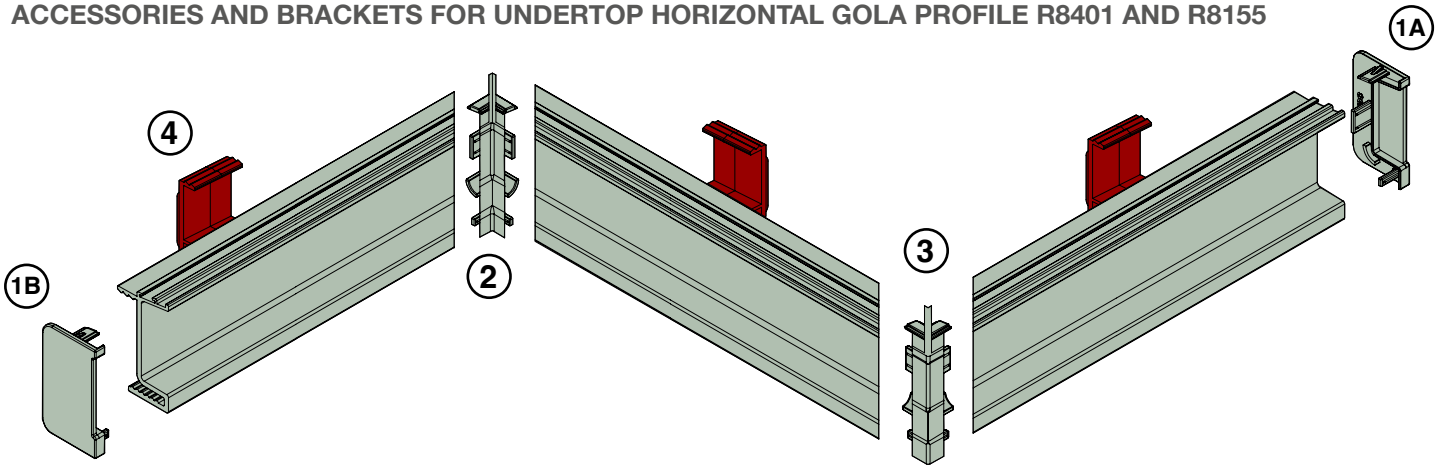
Alluminio/Aluminium

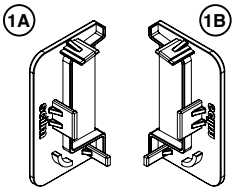
R8156



ACCESSORI E FISSAGGI GOLA ORIZZONTALE SOTTOTOP R8401 E R8155

ACCESSORIES AND BRACKETS FOR UNDERTOP HORIZONTAL GOLA PROFILE R8401 AND R8155

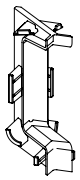




TGPC8401-x

Terminale interno destro e sinistro

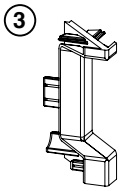
Internal end cap Rh/Lh for undertop horizontal Gola Profile



AGP8401-xx

Angolo interno 45°

45° internal corner for undertop Gola Profile

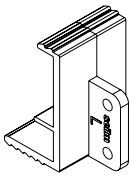


AGP8401-xx

Angolo esterno 45°

45° external corner for undertop Gola Profile

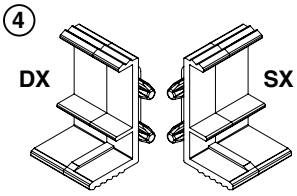
Sistemi di fissaggio



SU8401DS5901

Staffa di fissaggio per gola orizzontale sottotop con viti

Bracket with screws for undertop horizontal Gola Profile



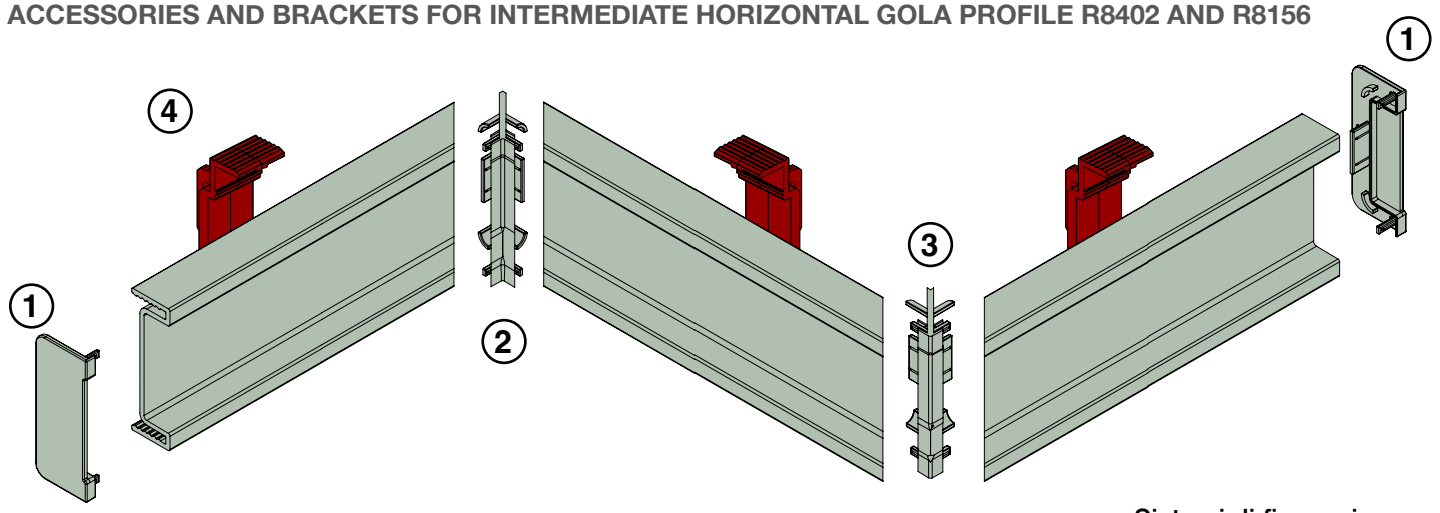
SU8401DS5902

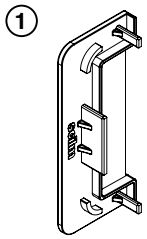
Staffa di fissaggio per gola orizzontale sottotop con pioli

Bracket with pins Rh/Lh for undertop horizontal Gola Profile

ACCESSORI E FISSAGGI GOLA ORIZZONTALE INTERMEDIA R8402 E R8156

ACCESSORIES AND BRACKETS FOR INTERMEDIATE HORIZONTAL GOLA PROFILE R8402 AND R8156

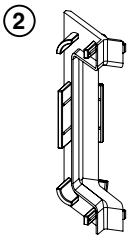




TGPC8402-xx

Terminale interno universale

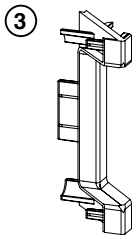
Universal end cap for undertop horizontal Gola Profile



AGP8402-xx

Angolo interno 45°

45° internal corner for intermediate Gola Profile

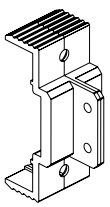


AGP8402-xx

Angolo esterno 45°

45° external corner for intermediate Gola Profile

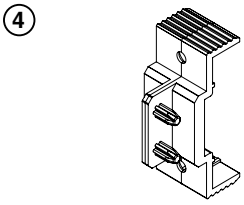
Sistemi di fissaggio



SU8402U5901

Staffa di fissaggio per gola orizzontale intermedia universale con viti

Bracket with screws for intermediate horizontal Gola Profile

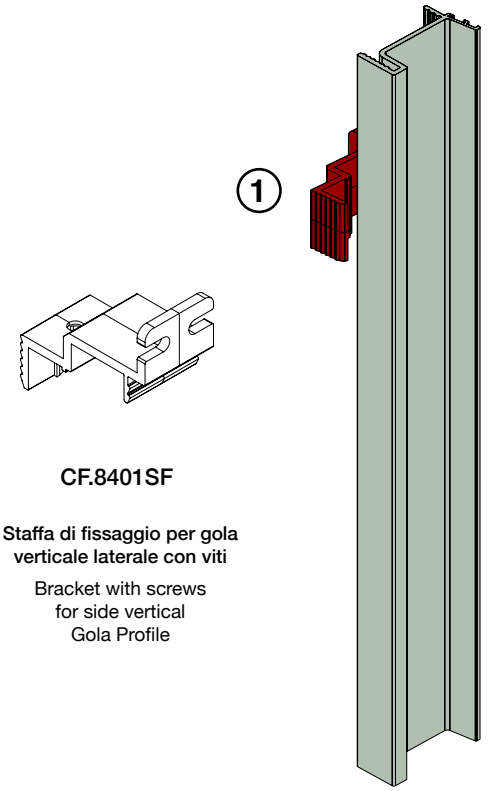


SU8402U5902

Staffa di fissaggio per gola orizzontale intermedia universale con pioli

Bracket with pins for intermediate horizontal Gola Profile

FISSAGGI GOLA VERTICALE LATERALE R8401 E R8155
BRACKETS FOR SIDE VERTICAL GOLA PROFILE R8401 AND R8155

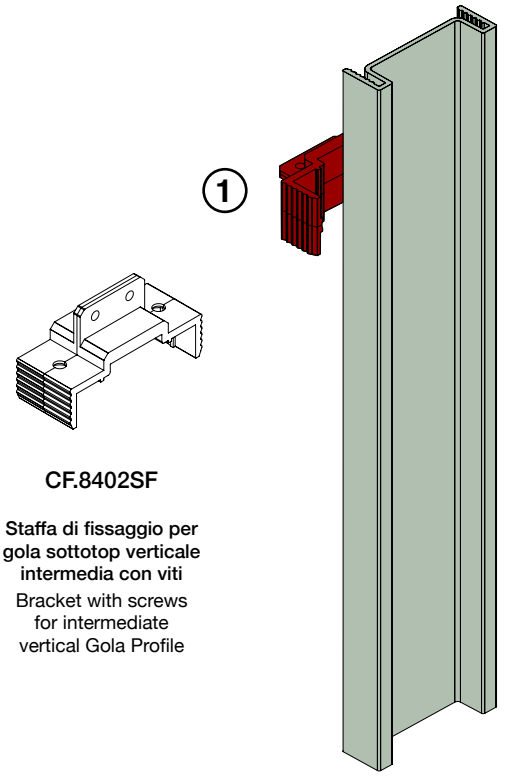


CF.8401SF

Staffa di fissaggio per gola verticale laterale con viti

Bracket with screws for side vertical Gola Profile

FISSAGGI GOLA VERTICALE INTERMEDIO R8402 E R8156
BRACKETS FOR INTERMEDIATE VERTICAL GOLA PROFILE R8402 AND R8156

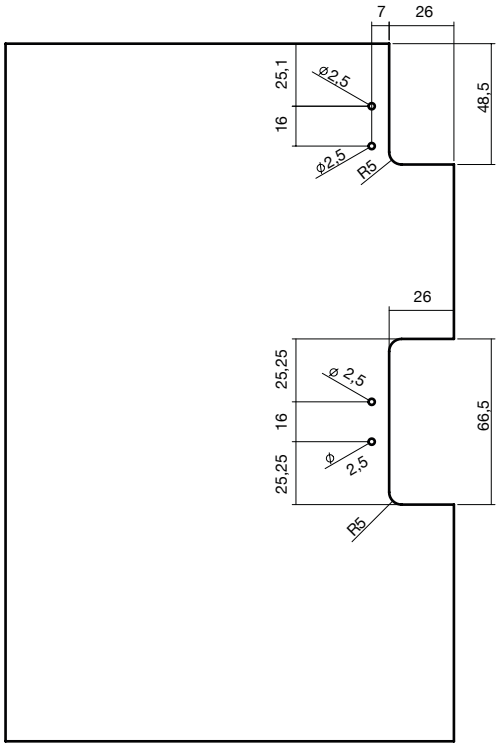


CF.8402SF

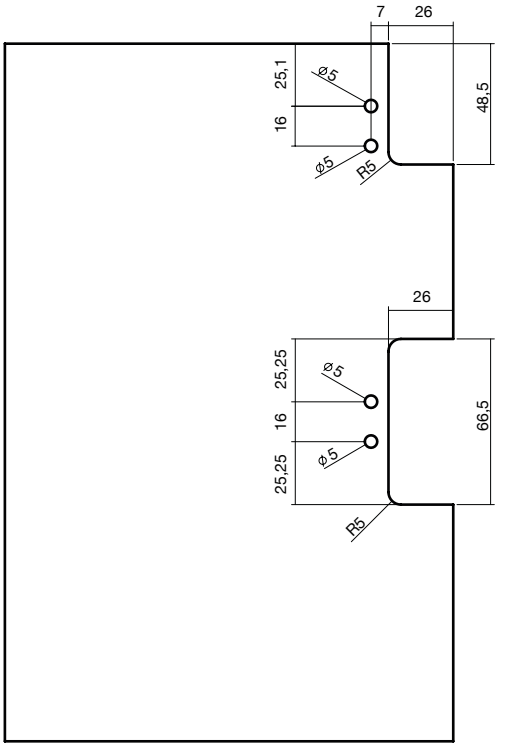
Staffa di fissaggio per gola sottotop verticale intermedia con viti

Bracket with screws for intermediate vertical Gola Profile

LAVORAZIONI PER GOLE ORIZZONTALI IN ABS FISSAGGIO VITI
WORKMANSHIP FOR HORIZONTAL GOLA PROFILES IN ABS WITH SCREW FIXING



LAVORAZIONI PER GOLE ORIZZONTALI IN ABS FISSAGGIO PIOLI
WORKMANSHIP FOR HORIZONTAL GOLA PROFILES IN ABS WITH PIN FIXING



Per le gole verticali le lavorazioni sono le stesse del sistema Snap On 1.
For vertical gola profiles the drilling are the same as in Snap On 1 system.
