ORVEL

800 – Divisorio cassetti

800 – Drawer divider

IT

Orvel propone un sistema divisorio cassetti in alluminio composto da due profili, doppio canale e vasca singola, tagliabili a misura secondo necessità, gusto ed esigenze.
I tappi in plastica e i divisori posizionabili a piacimento, grazie a un sistema a incastro, consentono di personalizzare l'organizzazione del cassetto.
Disponibile in tre finiture.

EN

Orvel presents an aluminium divider system for drawers consisting of two profiles, double rail and single tray, that can be easily cut according to your individual needs, tastes and preferences.
The plastic end caps and dividers, which can be positioned as desired thanks to a snap-fit system, allow the drawer layout to be customised.
Available in three finishes.
