ORVEL

805 Lite – Divisorio cassetti

805 Lite – Drawer divider

IT

Ad ampliare la gamma di portaposate, Euro Orvel ha progettato 805 Lite, il nuovo divisorio cassetto pensato per unire **design e praticità**.
Realizzato in un polimero moderno, resistente e leggero, accompagna ogni gesto quotidiano con stile.

La sua anima modulare lo rende **flessibile e personalizzabile**: due vaschette – una con doppio profilo e una con singolo profilo – e una vaschetta compensatrice che amplia la capienza fino a riempire l'intero cassetto. Così si adatta con facilità a spazi e necessità diverse.

La **superficie liscia e compatta** lo rende facile da pulire, garantendo ordine ed estetica impeccabili nel tempo.
Un alleato affidabile e durevole, pensato per offrire funzionalità ogni giorno.

EN

To expand the range of cutlery trays, Euro Orvel has designed 805 Lite, the new drawer divider created to combine **design and practicality**.
Made out of a modern, resistant, and lightweight polymer, it enhances everyday use with style.

Its modular structure makes it **flexible and customizable**: two dividers – one with a double profile and one with a single profile – plus an extension divider that increases capacity up to the full drawer width. This makes it easy to adapt to various spaces and needs.

The **smooth, compact surface** makes it easy to clean, ensuring lasting order and impeccable aesthetics over time.
A reliable and durable solution, designed to provide everyday functionality.
