

A modern kitchen scene featuring a light gray cabinet with a dark countertop. A drawer is open, revealing a stack of blue plates. On the countertop, a stainless steel pot with a lid is visible. In the background, two glass bottles with cork stoppers sit on a wooden tray. The overall aesthetic is clean and contemporary.

Plus-T Program

scilm[®]

IT

La caratteristica principale del nuovo programma gole Scilm è la **versatilità**. Composto da due soli profili, garantisce molte soluzioni: verniciabile, rivestibile, posizionabile in orizzontale o verticale, completo di accessori e dotato di un pratico e veloce sistema di fissaggio che rientra nella filosofia del **make it easy** di Scilm che facilita ogni passaggio e operazione di montaggio.

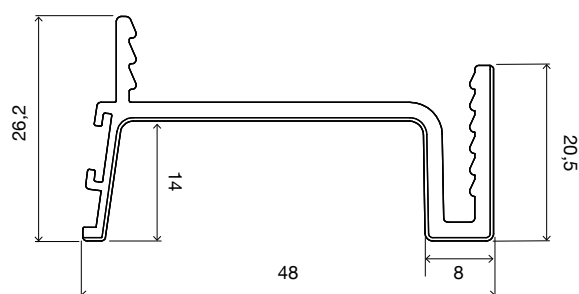

EN

The main feature of the new Scilm Gola profile system is its **versatility**. Comprising only two profiles, it provides a variety of solutions: it can be painted, coated, positioned horizontally or vertically; it includes accessories and has a practical and quick fixing system in line with Scilm's **make it easy** philosophy, which respects each step of assembly operations.

PROFILI GOLA / GOLA PROFILE

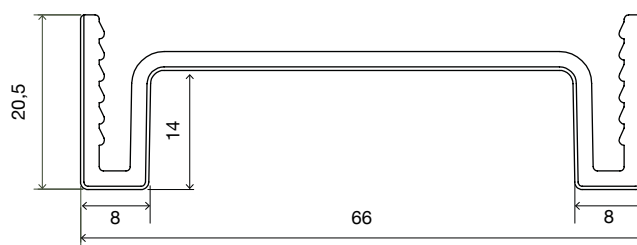

8401

Tecnopolimero/Technopolymer

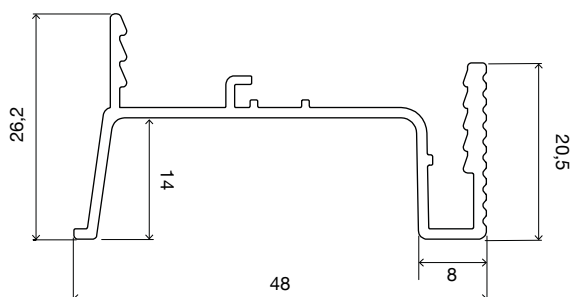

8402

Tecnopolimero/Technopolymer

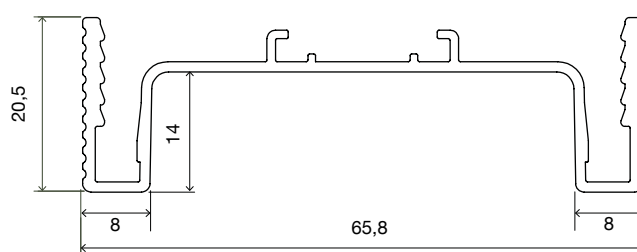

8155

Alluminio/Aluminium

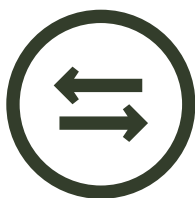

8156

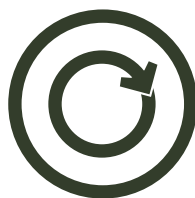

Alluminio/Aluminium

Nella semplicità una grande differenza In simple things you find the big difference

Versatilità senza compromessi
Versatility without compromise

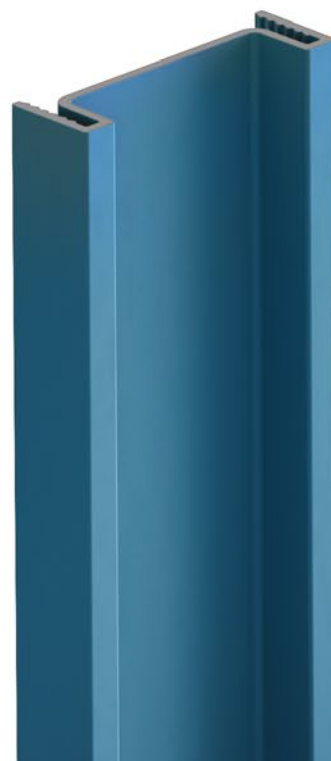

Unico processo produttivo
Single production process

Due profili infinite soluzioni
Two profiles infinite solutions

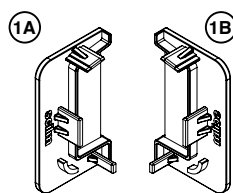

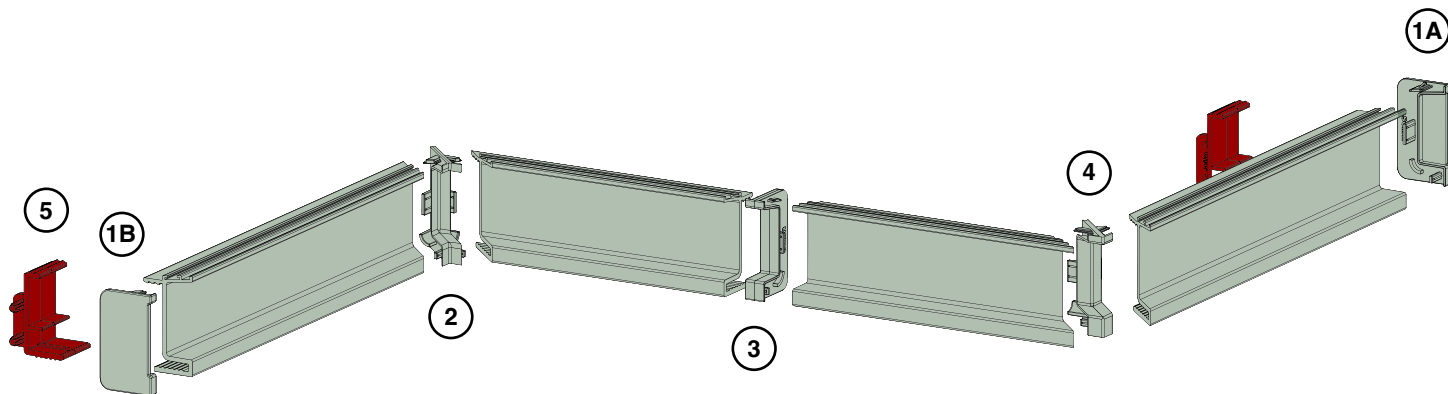

Tecnopolimeri riciclati
Recycled technopolymers

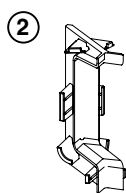

ACCESSORI E FISSAGGI GOLA ORIZZONTALE SOTTOTOP 8401 E 8155

ACCESSORIES AND BRACKETS FOR UNDERTOP HORIZONTAL GOLA PROFILE 8401 AND 8155

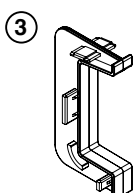

TGPC8401-xx

Terminale interno destro e sinistro.
Internal end cap Rh/Lh for undertop horizontal Gola Profile

AGP8401-xx

Angolo interno 45°
45° internal corner for undertop Gola Profile

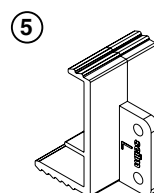

GG8401-xx

Giunzione lineare
Linear joint for upper horizontal Gola Profile

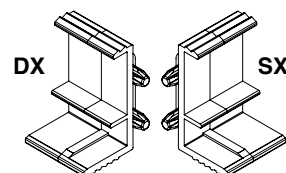

AGP8401-xx

Angolo esterno 45°
45° external corner for undertop Gola Profile

SU8401DS5901

Staffa di fissaggio per gola orizzontale sottotop con viti
Bracket with screws for undertop horizontal Gola Profile

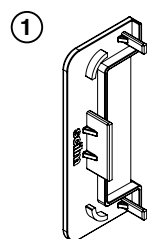

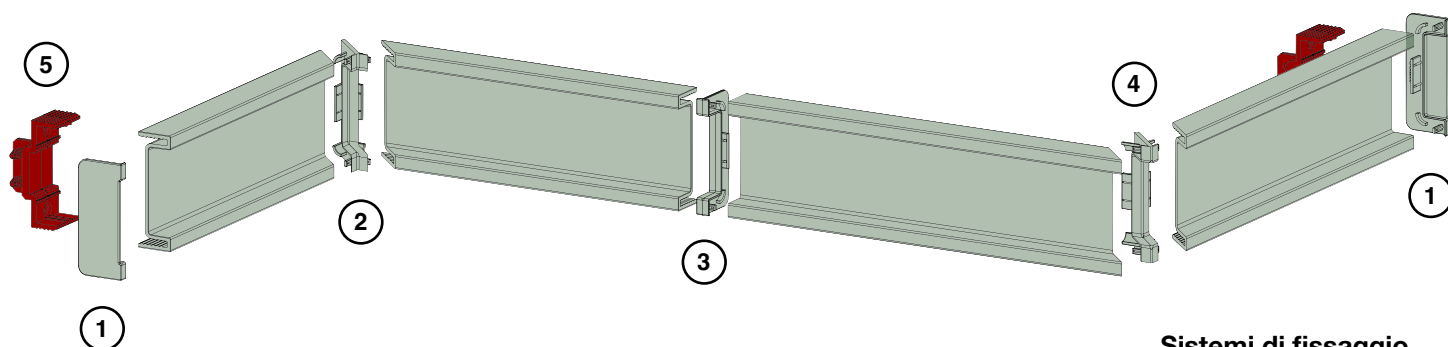

SU8401DS5902

Staffa di fissaggio per gola orizzontale sottotop con pioli
Bracket with pins Rh/Lh for undertop horizontal Gola Profile

Sistemi di fissaggio Mounting systems

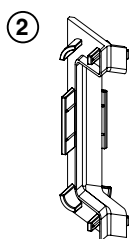

ACCESSORI E FISSAGGI GOLA ORIZZONTALE INTERMEDIA 8402 E 8156

ACCESSORIES AND BRACKETS FOR INTERMEDIATE HORIZONTAL GOLA PROFILE 8402 AND 8156

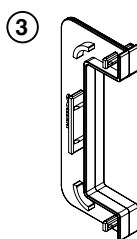

TGPC8402-xx

Terminale interno universale
Universal end cap for undertop horizontal Gola Profile

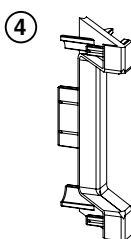

AGP8402-xx

Angolo interno 45°
45° internal corner for intermediate Gola Profile

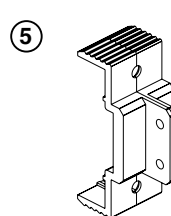

GG8402-xx

Giunzione lineare
Linear joint for intermediate horizontal Gola Profile

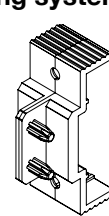

AGP8402-xx

Angolo esterno 45°
45° external corner for intermediate Gola Profile

SU8402G5901

Staffa di fissaggio per gola orizzontale intermedia universale con viti
Bracket with screws for intermediate horizontal Gola Profile

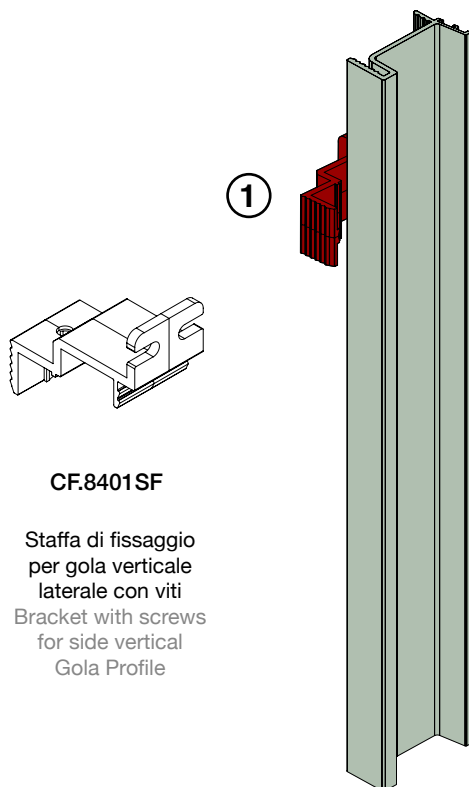

SU8402G5902

Staffa di fissaggio per gola orizzontale intermedia universale con pioli
Bracket with pins for intermediate horizontal Gola Profile

Sistemi di fissaggio Mounting systems

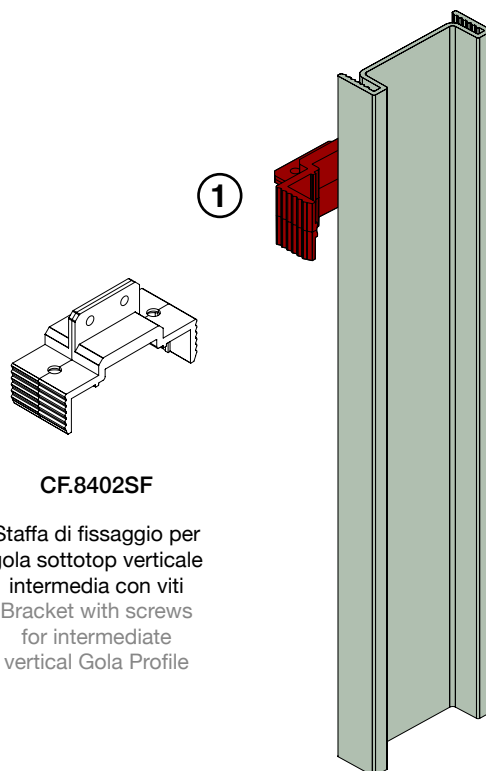

FISSAGGI GOLA VERTICALE LATERALE 8401 E 8155
BRACKETS FOR SIDE VERTICAL GOLA PROFILE
8401 AND 8155

CF.8401SF

Staffa di fissaggio
per gola verticale
laterale con viti
Bracket with screws
for side vertical
Gola Profile

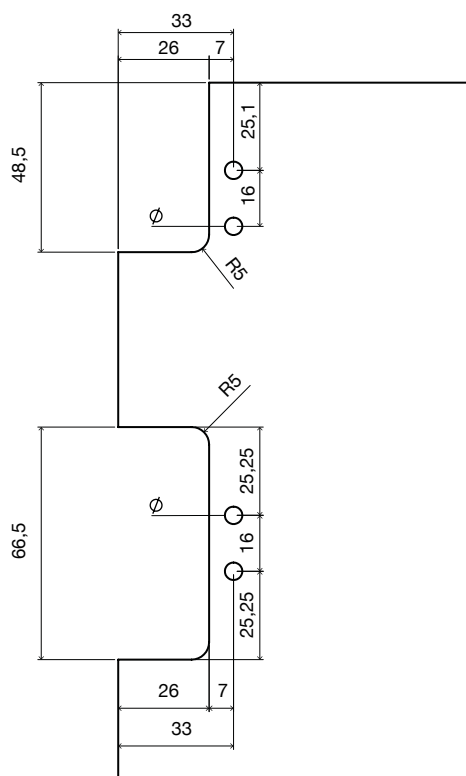

FISSAGGI GOLA VERTICALE INTERMEDIA 8402 E 8156
BRACKETS FOR INTERMEDIATE VERTICAL GOLA PROFILE
8402 AND 8156

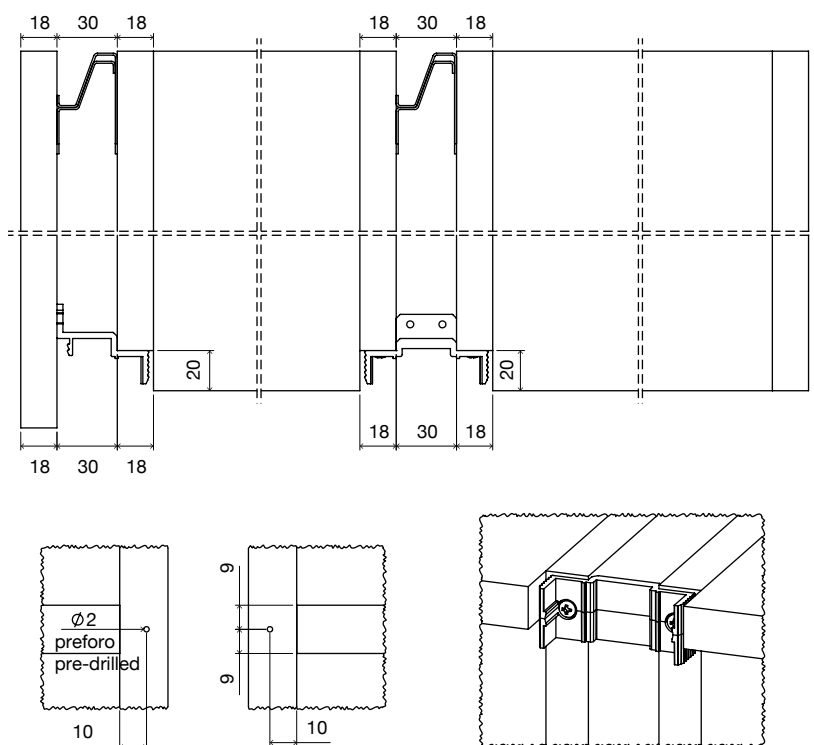

CF.8402SF

Staffa di fissaggio per
gola sottotop verticale
intermedia con viti
Bracket with screws
for intermediate
vertical Gola Profile

LAVORAZIONI PER GOLE ORIZZONTALI IN
TECNOPOLIMERO E ALLUMINIO CON FISSAGGIO
VITI Ø 2,5 E FISSAGGIO PIOLI Ø 5
MACHINING FOR HORIZONTAL GOLA PROFILES
IN TECNOPOLYMER AND ALUMINIUM WITH SCREW
FIXING Ø 2,5 AND PIN FIXING Ø 5

LAVORAZIONI PER GOLE VERTICALI
IN TECNOPOLIMERO E ALLUMINIO
MACHINING FOR VERTICAL GOLA PROFILES
IN TECNOPOLYMER AND ALUMINIUM
